Helvetica Property seeks new CEO

Zurich, 15 July 2019 - Hans R. Holdener, founding partner and long-standing CEO of Helvetica Property Investors AG, wishes to step down from his operational responsibility as of 2020 and place the operational management of the successful Real Estate Fund and Asset Management platform in new competent hands.

The Board of Directors of Helvetica Property Investors AG announced today that Hans R. Holdener has decided to hand over the operational management of Helvetica Property Investors AG to a new CEO in order to plan the way into a further prosperous future for the company at an early stage.

The handover will take place in the course of 2020 and the search for a new CEO is in progress. Hans R. Holdener will, however, continue to support Helvetica Property Investors AG after his resignation as a member of the Board of Directors and the Investment Committee and will also continue to contribute his expertise in the areas of customer relations, marketing and business development. Of course, this will be done in close coordination with the new CEO.

13 years ago, Hans R. Holdener founded Helvetica Property Investors AG as a novelty in the Swiss real estate market. Today the company is one of the most successful companies of its kind and is the preferred partner for direct and indirect real estate investments.
